Re: CFTC Regulation 40.6(a) Certification: Submission of Amendments to the QCX LLC Rulebook

I. Introduction

QCX LLC, d/b/a Polymarket US (“Polymarket US” or the “Exchange”), a designated contract market (“DCM”) is notifying the Commodity Futures Trading Commission (“CFTC” or “Commission”) that it is self-certifying amendments to the Polymarket US Rulebook (“Rules”) pursuant to Commission Regulation 40.6(a). Terms used but not defined herein shall have the respective meanings given to them in the Rules. The Exchange is amending various Rules, including adding new definitions, to provide clarity to the marketplace relating to Polymarket allowing intermediated trades to be entered on the Exchange. The amended Rules are attached hereto and indicate the specific text in red that is being amended. The Exchange intends to implement the amended Rules on December 10, 2025.

An FCM Participant is a new category of Participant that Polymarket US has created to facilitate intermediated transactions. Specifically, the amended Rules will allow a registered Futures Commission Merchant (“FCM”) to become an “FCM Participant” so long as it is a Participant that meets the qualifications under amended Rule 3.1(d) and 3.6(i), abides by all other applicable Rules, and agrees to comply with additional obligations in compliance with the CFTC’s regulations, including, among other things, ensuring that each Customer it intermediates is familiar with and complies with the CFTC’s regulations and Polymarket US Rules.

The amended Rules refer to Persons utilizing an FCM Participant to trade Contracts as a Customer. Customers, like any other Person entering an order or executing a transaction in Contracts, consent and become subject to the Exchange’s jurisdiction and Rules by virtue of accessing, initiating, entering any Order or executing a Transaction on or subject to the Rules of the Exchange via an FCM Participant.
